

The development cycles of modern technologies become shorter every year. Bold ideas, converted into ambitious developments, ingenious designs and patents produce superior machines. For decades, SAHM has been the leader and a driving force in industrial segments, convincingly demonstrated by the latest products at international exhibitions.

### We will exhibit at the following exhibitions in 2010:

GO Carbon Fibre 2010

09/29/2010 - 09/30/2010, Valencia, Spain

► [more](#)

JEC Composites, Asia

10/12/2010 - 10/14/2010, Singapore

► [more](#)

Cinte techtextil China

10/19/2010 - 10/21/2010, Shanghai, China

► [more](#)
